Year 9 Students Experience University Life

Last week twelve Year 9 students attended a residential school at Southern Cross University.

They attended lectures and practical lessons within the different faculties at the Lismore campus. The students tested red cabbage liquid with a variety of additives, watched foam appear and spill out of huge beakers in chemistry lessons, tested for colour blindness, played the Tourism quiz, ate food and more food, listened to original music by current music students, stayed in onsite university accommodation and much more.

The program is to enable students to experience university life and to see the diverse courses offered at their local university. This helps students to make informed decisions for their future careers. The Year 9 Uni-Bound Residential is funded by SCU and only available to a few high schools in the region.

Christine Riesinger-Careers Advisor

The Year 12 Formal was a great success and our students looked magnificent.

Thank you to Ms Ruangsri and our SASS staff for their help with the organisation for the night.

**Kyogle High School Uniform**

Kyogle High School is a uniform school. It has been developed as a result of consultation with parents, students and teachers and is endorsed each year by the school P&C.

Our community strongly believes that the wearing of a school uniform helps promote a positive image of the school in the wider community. It also helps promote cohesion and a sense of belonging.

This year was a transition year, and as of 2014 the school will have a complete school uniform. We would appreciate the assistance from parents in supporting the wearing of our uniform by purchasing school endorsed uniforms only.

**P&C Meeting** — The last meeting for the year will be held on Wednesday 20th November at 5.30pm. Bring a plate of food to share as it will be a casual Christmas party meeting. All Welcome!

From the Deputy's Desk

A number of our Year 10 are on the Sydney Excursion this week while others are involved in Work Experience. Some Year 7 students are off to visit Southern Cross University on Wednesday. The KEEP students go on their final excursion to the Treasures of Afghanistan exhibition at the Queensland Museum, while we continue with our targeted Transition Program for Year 7 2014.

This year the Small Engines Course run by TAFE has continued to be an outstanding success. Supervised by TAFE teacher Kirk Trease, one of the projects has seen the students designed and built an engine able to run a lawn mower using mulch as fuel (see photo opposite). We thank TAFE for their ongoing support of Kyogle High School and the fantastic opportunities they offer our students.

Sport News

U/15 Girls Water Polo

On Tuesday 12th November the Kyogle High U/15 Girls Water Polo team competed in a water polo gala day held at the Alstonville swimming pool. The team consisted of: Liesl Pederson, Denay O’Reilly, Emma Foy-Upton, Temeka Woosley, Isabelle Slater and Teagan Pederson. The girls represented the school in two games, losing against Southern Cross 5 – 4 and winning against Evans River 8 – 3. The day had a focus to increase participation in the sport and to generate more interest in participating schools. I would like to thank Mrs Karen Slater and Sharon Pederson for supporting the team in providing transportation for the girls on the day. If you would like to be involved in both boys and girls water polo, please see Mr Rasborsek as there are more opportunities to participate in the near future.

Water Polo

Want to play a sport that is fast paced, highly social and keeps you fit and healthy?? What’s that – you haven’t played water polo before? Even better as Kyogle High is starting up its very own training squad so that you can learn the game and acquire the necessary skills to have fun and be competitive in the sport. We welcome boys and girls of any age and of all swimming abilities to get involved. If you are interested, please see Mr Rasborsek or Mr Taylor for further information.

RRISK Seminar 2013

Year 11 students are invited to attend this year’s RRISK seminar. 59 high schools from across the North and Mid North Coast will be attending RRISK at many venues across the area.

RRISK seminar dates

Lismore

Southern Cross University 25, 26 & 28 November

RRISK (Reduce Risk Increase Student Knowledge) encourages students to:

- Know the facts
- Be aware of the risks
- Make informed decisions
- Plan ahead
- Look after your friends

This is the 15th year that the RRISK Program has been running on the Far North Coast and the 7th year the program has been offered to schools in the Mid North Coast. If your teenager is in Year 11, please encourage them to attend.

Free presentation for parents, teachers and anyone who works with young people

Paul Dillon, Director of Drug and Alcohol Research and Training, Australia is keynote speaker at the RRISK Seminars. Paul works with young people in Australia and internationally and is regularly invited by the media to provide expert commentary on alcohol and drug issues. Paul will give a free presentation for adults on the latest evidence and how to communicate effectively with young people about alcohol and other drugs.
